

**Explanatory Notes:**

Students with the following scenarios have been excluded from the time to degree cohorts:

- Missing an original term or incorrect original term in the database – usually occurs when student earns a Certificate while seeking a Masters/PhD, or earns a Masters while seeking PhD, and original term for shorter term degree is not updated.
- Degrees awarded by the School of Veterinary Medicine and the Paul M. Hebert Law Center.

Stop-out time is included in the time to degree calculation.

Students not enrolled in original program term are defaulted to part-time.
